

# One of a Kind

[Tammy Wynette](#)

Look at me 'cause I might be  
The very last one that you'll ever see  
Someday you may wake up and find  
I'm one of a kind Now, don't look back once you're free  
There'll be nothing left to see  
And I'll be just a memory  
But keep this in mind  
I'm one of a kind I wish you love as true as mine  
May you find happiness this time  
If old memories ever cloud your mind  
I wish you sunshine So, I'll drink this toast to you  
Go and find who means the most to you  
But some night when she's lying close to you  
I'll ease through your mind  
I'm one of a kind
