## Camp Lo

On and on and some try to do this  
Yes y'all in to the Camplo On and on and some try to do this  
Yes y'all in to the Camplo I get Krystal Karrington, ice rock gritty  
Carly doh on flowin' tea flashers, Acapulco how my sign seen  
Second to catch it  
First I feel it when I peel it  
In the hall wit my orchestra, orchestratin' my plans Gifted Caramela, Cinderella hold a fella tight  
Make the octopussy do tha why to see for the night  
Call me by first name - Cheeba, sip the tang divas  
In my sinasex get the intersect, it's the kid  
But she make me wanna holla pass a dollar wit glass  
Sucky, sucky for the nookie, mediatin' on that arse  
Doc that feel good, but it feel good when I splash  
Get me high make me eat the hunky pie, Seaworld We gone navigate the underground, blammin' out Metropolis  
Higher rock to this said the eighty-five I take my steez  
Turnin' towards Kahlua, knew I shouldn't a ran it through  
And I should clean my shadow, any in that ego  
We could take it to the Lugers, Cheeba make them unfold  
Took my scammer s'now old, meditate on this one  
Check I'm freezin' wit the flame I put the blame on tough job  
Generatin' low life, Geechi Suede c'est la vie Shook it off, now start to say one Bogart  
Caca, Caca convince her and bulletproof heart  
Its swift ice burglins on clips don't slip  
They shift the diamonds we suck on my crew and lucky stips On and on and some try to do this  
Yes y'all in to the Camplo On and on and some try to do this  
Yes y'all in to the Camplo Above the aquapool, hovercrafts teleport my lubricant  
Golden axe, who's the drunken monk, uno delegate  
Margarita glinch, lyric cannon out my trench  
Welcome back to Fairy, Sonny Cheeba out garden Count to ten - I freaks my porter bloody peaks in  
Don't theme the pimps for his devil ment - fuck that  
Need this, game genie pourin' me a weeny and a buttist  
Sustain that gain while I free fall  
Lets do this - Hoppin', sat in not jivin'  
Hijackin' trains like - everybody get some  
Its like that ho height, elephants speak up  
Down the wino Jones in pardon if I break up Protectin' east give the signals, got my henchman a mail ya  
Convincin' Kashmir runnin' cat scans on sequence  
Then we Shalamar assassinate the seminar  
Simarotta symphony hit the ball flee the globe

Dynamo dinero, crusade genie casino  
Cheeba ride the rhino, royal rubies at Reno  
Venezuela electric, twistin' trees Tahiti  
Forty these a terror that ever belongs to Suede  
Crash - Tell a tubby 'cause Angelica is tellin' a  
Cash saratoga, Fahrenheit is flat, fuck the die
