kill bill

Suff Daddy

Ooh, look at what mister man done done
He in the club, showin' all the girls love
Bet you hear us, I bet you hear us
I bet you hear us, ay, ay, ay
Bill done met some girl up in the club and got her pregnant
I never trusted, now he's busted 'cause I'm always checkin'
Cell phones, lies, calls, I don't know this bitch at all
Quit lyin', you be callin' her all the time
I'm 'bout to kill Bill first thing in the mornin'
'Bout to kill Bill, I'll catch him while he yawnin'
'Bout to kill Bill, radio might not play this record
I'll be a lot of things but one thing I won't be disrespected, oh
'Til somebody gets hurt, keep on playin' like it's funny
Served with them papers, come on off top of that money
Half this, half that, shoppin' sprees in London
And now you on a budget and I'm spinnin' like laundry
Ooh, time after time you told me
Lie after lie even though, let it take your spot
And you ain't on my mind and once that money is gone

I'll be back to commit that crime
I'm 'bout to kill Bill first thing in the mornin'
'Bout to kill Bill, I'll catch him while he yawnin'
'Bout to kill Bill, radio might not play this record
I'll be a lot of things but one thing I won't be disrespected, oh
Tried to be your girlfriend, really what you wanted
That ain't what you needed 'cause you don't know the difference
You messin' with the wrong bitch
And there's no turning back now
Bill done met some girl up in the club and got her pregnant
I never trusted, now he's busted 'cause I'm always checkin'
Cell phones, lies, calls, I don't know this bitch at all
Quit lyin', you be callin' her all the time
I'm 'bout to kill Bill first thing in the mornin'
'Bout to kill Bill, I'll catch him while he yawnin'
'Bout to kill Bill, radio might not play this record
I'll be a lot of things but one thing I won't be disrespected, oh
