

# What It Is to Burn

## Finch

She burns Today's on fire, the sky is bleeding above me  
And I am blistered, I walk these lines of blasphemy  
Every day and still Like a bad star, I'm falling faster down to her  
She's the only one who knows what it is to burn I feel diseased, is there no sympathy from the sun?  
The sky's still fire but I am safe in here  
From the world outside So tell me, what's the price to pay for glory? Like a bad star, I'm falling faster down to  
her  
She's the only one who knows what it is to burn Today is fire and she burns, today is fire  
And she burns, she burns, she burns, she burns  
She burns, she burns, she burns Like a bad star, I'm falling faster down to her  
She's the only one who knows what it is to burn
