

I Would Trade

Clarensau

Another night in the waiting room
You're 50 feet from me, I still miss you.
Your body sleeps in that scary room
Unaware of the doctors, they're trying to save you.
And what can I do but wait?
What can I do but pray?

[Chorus]

And I would trade all of my days to take the pain away.
I would trade all of my days to take the pain away.

Another night, a restless sleep.
When I wake will you still be here with me?
I'm looking for a sign of life
You squeeze my hand and maybe open your eyes.
And what can I do but wait?
What can I do but pray?

[Chorus]

And I would trade all of my days to take the pain away.
I would trade all of my days to the the pain away.

Oh____.
Hey____
Oh____ Hey.
Oh, oh.

I would trade all of my days to take the pain away.
I would trade all of my days to take the pain away.
I would trade all of my days to take the pain away.
I would trade all of my days to take the pain away.
