

Inhaler

Hoover

Water falling down a hundred meters
Colored by the sun
In rainbow colors
Paul is driving me around
Through fields of light
Blinded by the sun
Fight the clouds
Be an inhaler
Have no doubts
Let them take you on a voyage to another
Let them take you on a voyage to another
Let them take you on a voyage to another...

(Voiceover)

"A new stereophonic sound spectacular..."

"We're able to tell, in an instant, where a particular sound is coming
from!"

"A new stereophonic sound spectacular..."

"As I was saying, stereo is full of surprises..."

Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
