

# Don't Point, Don't Scare It

## Butterfly Boucher

We hide behind the hills  
We walk through tunnelled fields  
And no-one sees us holding hands Love  
Don't point  
Don't scare it  
Oh Love  
Don't point don't scare it We sneak into the trees  
We hide beneath the leaves  
And nobody will find us here  
Oh we dance across the lake  
We laugh into the wind  
And nobody will find us out Love  
Don't point  
Don't scare it  
Oh Love  
Don't point  
Don't scare it...Please! We creep along the lanes  
We sneak through seven gates  
We pass a flock of birds  
Who didn't flinch a feather  
This cliff will keep us safe  
We hide beneath it's walls  
Alone again it's  
It's time to kiss Love  
Don't point  
Don't scare it  
Oh Love  
Don't point  
Don't scare it  
Love...oh love  
Oooh love, don't point  
Don't scare it
