Tricky

The place where
The place where
The place where
The place where
The place where
The place where I standThe place where I stand gives way to liquid lino
Underneath the weeping willow lies a weeping whino
The place where I stand gives way to liquid lino
Underneath the weeping willow lies a weeping whinoThe mind's a crowd, search for the spaces
And turn around time's gone, take ten paces
Been up ahead, can't make head or tale of it
I drink till I'm drunk and I smoke till I'm senselessYou see in black and white, feel in slow motion
I drown myself in sorrow, until I wake up tomorrow
The illusion of confusion is not from where I am sat
Recycle, recycle resemble me
Different levels of the devil's company, yeah yeah yeahThey lead us outside, take us out quietly
To the cage through the bars
You see scars, results of my rageThe place where I stand gives way to liquid lino
Underneath the weeping willow lies a weeping whino
The place where I stand gives way to liquid lino
Underneath the weeping willow lies a weeping whinoThe mind's a crowd, search for the spaces
And turn around time's gone, I take ten paces
Been up ahead, can't make head or tale of it
I drink till I'm drunk and I smoke till I'm senselessYou see in black and white, feel in slow motion
I drown myself in sorrow until I wake up tomorrow
I drown myself in sorrow until I wake up tomorrow
I drown myself in, I drown myself in until, until I wake up tomorrow
The illusion of confusion is not from where I am sat
