Liquid

Tricoma

I go liquid when you come around
And I know
I go solid but don't get me wrong
Yes I go
I love to watch you when you mess around
With my mind
I'm pathetic but only this time
Who knows?

And I say
It's no more a secret
Go solid, I go liquid
Oh me
If it's the love that we live for how come I didn't know?
Show me an easy way out
Show me an easy way out

Forget the love 'n' get back in the line
With yourself
Try to accept the place where you belong
You belong
I love to teach you though you already know
This time
Stay in touch if you're planning to go
Below

And I say
It's no more a secret
Go solid, I go liquid
Oh me
If it's the love that we live for how come I didn't know?
Show me an easy way out
Show me an easy way out
