

# Fight for Life

## Times of Grace

Advisory - the following lyrics contain explicit language:

Underneath a darkened sky  
Drifting through a sea of lies  
Pulled into the undertow  
My body dragged deep below This man came unto the sun  
Senses changed evermore Give me strength to push on through  
(Give me strength)  
Seeking shelter from the storm Carry my weight when I can't go on  
Uplift my spirit so I carry on  
Was once lost but now I'm found  
Darkness pass away into the light of dawn  
Push on through Fight for life  
Fight for life My war is not yet finished  
But with the spirit I rest I fear not death  
I fear no man  
I will prevail Give me strength to carry on  
Push on through the light of dawn  
(Push on through) Carry my weight when I can't go on  
Uplift my spirit so I carry on  
Was once lost but now I'm found  
Darkness pass away into the light of dawn  
Push on through Fight for life  
Fight for life  
Push on through Fight for life  
Fight for life  
Push on through
