

Fool Me (Acoustic)

Neon Jungle

(Asami:)
Going slow on the road to no where,
Free falling as fast as they can,
Now it's hard to hold on to anything,
When there's holes in the palm of your hand So walk past the night sky,
Just hoping I can see (Shereen:)
That I don't want to learn my lesson,
So I'll keep on making the same mistakes,
I don't want to learn my lesson,
So baby fool me, fool me again (Jess:)
From the pain to all over the mirrors,
So there's nothing, show us that,
It's going to break it's going to hurt don't want to know,
That we fallen until we crash (Jess and Asami:)
Don't need reminding
(Jess:)
That we've been here before (Shereen:)
I don't want to learn my lesson,
So I'll keep on making the same mistakes,
I don't want to learn my lesson,
So baby fool me, fool me again (Amira:)
Fool me, fool me again All these bones are tougher than skin,
That's been one rule now I'm reader for it,
Can't break a thousand pieces than now... (Shereen:)
I don't want to learn my lesson,
So I'll keep on making the same mistakes,
I don't want to learn my lesson,
So baby fool me, fool me again (Amira:)
Fool me, fool me again (Shereen:)
I don't want to learn my lesson,
So I'll keep on making the same mistakes,
I don't want to learn my lesson,
So baby fool me, fool me again (Amira:)
Fool me, Fool me again
