Essence

Lucinda Williams

Baby, sweet baby, you're my drug
Come on and let me taste your stuff
Baby, sweet baby, bring me your gift
What surprise you gonna hit me with?I am waiting here for more
I am waiting by your door
I am waiting on your back steps
I am waiting in my car
I am waiting at this bar
I am waiting for your essenceBaby, sweet baby, whisper my name
Shoot your love into my vein
Baby, sweet baby, kiss me hard
Make me wonder who's in chargeI am waiting here for more
I am waiting by your door
I am waiting on your back steps
I am waiting in my car
I am waiting at this bar
I am waiting for your essenceBaby, sweet baby, I wanna feel your breath
Even though you like to flirt with death
Baby, sweet baby, can't get enough
Please come find me and help me get fucked upI am waiting here for more
I am waiting by your door
I am waiting on your back steps
I am waiting in my car
I am waiting at this bar
I am waiting for your essence
Your essence
Your essence
