Pray to God

[Dogs Of Peace](#)

Say what you want about Elvis
Call him the king
It's one thing to die for a people
And another just to singSay that the devil's a genius
And be marked for the kill
Say what you want about Yahweh
And He'll love you stillSay what you want
Pray to GodSay that as long as you don't inhale
You can take your little toke
Say that there ought to be a sin tax
Then we're all going broke
