

# This Calling

## All That Remains

I secretly crave, crave that scent again  
Still feel it pressing on me now  
Now with the onset, my flesh is weakening  
I steel my nerves for temptations at hand again And I hear this calling  
Still you don't seem so far at all  
And I hear this calling out No secret deception, for these would tear this down  
I'll note the past, spare the pain  
(Spare the pain)  
Words match my deeds with brutal honesty  
Never forget these choices were made by me And I hear this calling  
Still you don't seem so far at all  
And I hear this calling Still you don't seem so far at all  
And I hear  
(And I hear)  
This calling out Not falling victim to the fire that burns inside of me  
Though I am fearful, I will not prevent this tragedy  
My strength's been tested, I wear the scars that prove  
Still I believe that this calling will see me through And I hear this calling  
Still you don't seem so far at all  
And I hear this calling Still you don't seem so far at all  
And I hear  
(And I hear)  
This calling out My strength's been tested, I wear the scars that prove  
Still I believe that this calling will see me through  
Still I believe this calling will see me through, oh
