

# LT's Midnight Dream

## Steve Miller Band

I've been in one place too long  
With my roots in solid air  
And I'm gone, gone  
Solid gone I'm dreamin' 'bout a bulldog  
And I'm too far gone to care  
And I'm gone, gone  
Solid gone Got a bulldog in my leer jet  
Gonna teach him how to fly  
By myself, gone  
Solid gone, solid If I live to be 500  
I'd die tomorrow night  
By myself, gone  
Solid gone
