

A Design For Life (Stealth Sonic Orchestra Remix)

Manic Street Preachers

Libraries gave us power
Then work came and made us free
What price now for a shallow piece of dignityI wish I had a bottle
Right here in my dirty face to wear the scars
To show from where I cameWe don't talk about love we only want to get drunk
And we are not allowed to spend
As we are told that this is the endA design for life
A design for life
A design for life
A design for lifeI wish I had a bottle
Right here in my pretty face to wear the scars
To show from where I cameWe don't talk about love we only want to get drunk
And we are not allowed to spend
As we are told that this is the endA design for life
A design for life
A design for life
A design for lifeWe don't talk about love we only want to get drunk
And we are not allowed to spend
As we are told that this is the endA design for life
A design for life
A design for life
A design for...
