

Annie Wants a Baby

Red Hot Chili Peppers

Lucy Reibart,
she's a friend of mine.
Later she'll go,
back and redefine the line.
It's getting longer all the time.
Oh yeah
Drinkin' sunshine,
she likes the taste of it.
She had a goldmine,
but then she wasted it away.
You should have seen her yesterday.
Oh yeah(Chorus 1)
Send along the way,
Nothing stops the ache
Sugar Daddy,
loves her madly.
Cosmo ?Shiva
God oh made you a believer.
I don't need to tend her,
why do I believe you?Annie wants a baby now
Annie wants a baby any way she can.Missing pieces, she's got a lot of em.
Time decreases, I wish I thought of 'em before.
Before it's time to close the store.
Oh yeahInstallation,
a lonely sycophant.
Some liberation,
the only seed we ever plant.
I wanna help you but I can't.No, NoSend along the way
Nothing stops ache
Sugar Daddy, loves her madly.
Lover Kiva
God oh made you a believer.
Neon soldier,
left her,now you've gotten older.Annie wants a baby now.
Annie wants a baby any way she can.It's getting longer all the time.
It's time to re-design the sign.
Oh yeah
Send along the way
