Sneaky Louise

Good Old War

Sneaky Louise, sneakin' around the house.
We caught you lookin for jewelry.
Are you looking for something to sell?Don't you know that we've been wondering how you got this way,
and wonderingWhy is it so hard for you to believe in what we're saying? (x2)Sneaky Louise, you shouldn't be
on your knees, begging us for money.
Next time we're gonna have to let go.Don't you know that we've been wondering how you got this way,
and when it will end.Mom and Dad don't know what to do.
Why must you make them choose,
between their life savings and you?Why is it so hard for you to believe in what we're saying? (x2)Sneaky
Louise, we aren't having fun, we're scared for you
Don't you know that things are going to change if you want them to.Why is it so hard? (x6)Why is it so hard for
you to believe in what we're saying?Why is it so hard? (x2)Why is it so hard for you to believe in what we're
saying?
