

When I Say

Air Supply

I just saw our picture from the lost and found
It was taken the day that we met
With so many people around All my false bravado seemed to disappear
So I just had to follow my heart
I knew it would take me somewhere And I still feel the same but it's hard to explain
All my emotions are tossed in the wind
Lost 'til the moment, I hold you again When I say I want you
When I say I need you
When you say come closer
I know I'll never leave you You can stare into heaven when your heart is free
I suppose that we just couldn't wait
Heaven is where we must be And we still feel the same, no need to explain
I don't see the shadows, I don't feel the rain
Walking in sunlight, I'll tell you again When I say I want you
When I say I need you
When you say come closer
I know I'll never leave you When I say I want you
When I say I need you
When I say I want you
I know I'll never leave you When I say I love you
When I say I need you
When I say I want you
I know I'll never leave you When I say I love you
When I say I need you
When I say I love you
I know I'll never leave you
