

Dead Silence

Defiance

[Music: Harrington / Esquivel / Adams]

[Lyrics: Esquivel] You say one thing and do
another

Heard the same thing a thousand
times

Merry go round in reverse going
nowhere

We'll never know what's
becoming of you [Chorus:] Dead silence

What now, who's got the last
laugh

Dead silence

You play your games, you've
gone insane

We never know what you want to
be

Day after day live live your life
Wishing you were just like me
Dead silence

What now, who's got the last
laugh

Dead silence You think you see but
You can't see what's in my mind
Time turns around you still

Can't seem to realize Sometimes I feel no sorrow
Sometimes I feel no pain Say what you will, my last laugh

Say what you will while I laugh

[X2] Time goes by but you never
change

You're always hearing the same
thing day after day

In your mind still you wish to be
Image of hatred, trying to be like
me

Sometimes I feel no sorrow

Sometimes I feel no pain

You live your life for tomorrow

Yeah that's right, I live mine for

today... [Repeat first verse, chorus, second verse] Who's got the last laugh INSIDE
