You Smell Lonely

7 Year Bitch

So you wanna go to bed with me
Why don't you climb in my head with me
Knew what I was thinking
Your dick it would be shrinkingYou wanna go to bed with me
Why don't you climb in my head with me
Knew what I was thinking
Your dick it would be shrinkingOh baby you look great
And darling do you date?
Honey are you lonely?
You smell lonely to me
Yeah baby, you smell lonely to meWhat goes on in the mind
Of a man like you?
To make you say
The things you doYeah baby you look great
And darling do you date?
Honey are you lonely?
Baby you smell lonely to me
Yeah baby, you smell lonely to meSo you wanna go to bed with me?
Why don't you climb in my head with me?
Knew what I was thinking
Your dick it would be shrinkingYou wanna go to bed with me?
Why don't you climb in my head with me?What goes on in the mind
Of a man like you?
To make you say
The things you doYeah baby, you look great
And darling do you date?
Honey are you lonely?
Baby you smell lonely to me
Aw shit baby, are you married?
