Perfect Day (feat. Kaliba Motes)

Natalia

(Kaliba)
Yeah Kal say its a beautiful day Natalia
Its a beautiful day, its a beautiful day yeah
Uh, I got air in my lungs, blood moving through my veins
Money in the bank, doug duces in the range
Looking at the world through Cartier frames
To tell u the truth I dont even notice the rain
Floating on a natural high, im in my zone
Cos the only way to be truly be fly is on your own
You can turn the chair your sittin on
Into a throne, so understood when Natalia hit me on the phone
Like
(Natalia)
Got up this morning
And I couldnt believe my eyes
It seemed like everything had changed for me over night
The day was beautiful the sky was unusually bright
My favourite breakfast by my bedside
A closet full of brand new clothes
With the shoes to matchSomebody stole my bag from me
But they brought it back
A perfect day in everyway can you picture that
Who would believe the day that I hadAnd thats when I realised
Its about your state of mind
And how you look at things
That can change a scene
Make a bad day seem like a perfect day
You can stop the rain
You can change the grey skies blue
Its on you
You can stop the pain
All you do is change your view
Its on you to
Turn it all around
You can turn a smile from a frown
Yes its true, its on you(Kaliba)
Uh yeah uh
A perfect day is only a smile way
U aint got gotta be down cos the skies are gray

Everybody got haters, thats for damn sure
But instead of crying, u should be trying to get more
One life to live, two wings to soar
If you never spread them, then your stuck on the floor
You should hold your head high, stick out your chest
And live life everyday the best
Kal(Natalia)
And thats when I realised
Its about your state of mind
And how you look at things
That can change a scene
Make a bad day seem like a perfect day
You can stop the rain
You can change the grey skies blue
Its on you
