

Make Up Your Mind

Seven Mary Three

Oh yeah
She says, "We can't tell them"
Oh yeah she wants up front
I can't do that When you gonna make up your mind?
When you gonna make up your mind?
When you gonna make up your mind?
'Cause you know that I have made up mine Oh yeah, she's got backup
Boyfriend, I'm here When you gonna make up your mind?
When you gonna make up your mind?
When you gonna make up your mind?
'Cause you know that I have made up mine When you gonna make up your mind?
When you gonna make up your mind?
When you gonna make up your mind?
'Cause you know that I have made up mine Oh yeah
