Come Back, Traci

Sloppy Seconds

I met her in the video store in the 'Summer of '84'
She had the body that wouldn't quit
And she know what to do with itTraci got lucky in the world of porn
Traci got noticed and a star was born
Traci got naked, Traci got laid
Traci didn't tell them that she was underageCome back, come back
Come back Traci, come back Traci
Come back come back
Come back Traci, Traci come back to meTraci always did everything they told her
Couldn't wait till she was older
She made the covers of the magazines
Traci Lords was a porno queenCome back, come back
Come back Traci, come back Traci
Come back come back
Come back Traci, Traci come back to meOh, but then one cold November day
They took the girl of my dreams away
Now she's gone and I'm going crazy
Oh, Lord I miss TraciThey took the movies down off the shelves
And now I just sit here and play with myself
I fell in love with a porno queen
I didn't know that she was just 15Come back, come back
Come back Traci, come back Traci
Come back come back
Come back Traci, Traci come back to me
