Always Looking

Dum Dum Girls

Before I met you, I had a few who hung around and made me blue
But I was always looking, I was always looking
Weeks and months turned to years, hiding underneath my fears
But I was always looking, I was always looking;
I was always looking for you
Oh I never felt a beat in my heart til you made it start
I never felt a beat in my heart til you made it start
And I know its nothing new, to want a love that stays true
But I was always looking, I was always looking
Its been written in the stars
The reason of the hearts like ours
Yea I was always looking, I was always looking;
I was always looking for you
Oh I never felt a beat in my heart til you made it start
I never felt a beat in my heart til you made it start
No one else can understand you
They dont know you like I know you
No one else will ever do
They dont love you like I love you
Like I love you
Like I love you
Like I love you
Like I love you
Like I love you
