

# You're Gonna Burn

## JIZZY PEARL'S LOVE/HATE

You don't need to stand on the rooftop to tell me  
You don't need to butter me up just to thrill me  
You don't need a lot of excuses to hand me  
You don't need to fill up an ocean to drown me  
'Cause you're the king of the World!  
How does it feel right now?  
I bet it feels real good  
Sold off a piece of my heart Babe now you're gonna burn  
You don't need to tear me apart just to hurt me  
I don't know what I did to deserve Thee  
Is all my life part of some Fever Dream?  
Where things ain't always always what they seem  
And now here we are at the end of things!  
How does it feel right now?  
I bet it feels real good!  
Sold off a piece of my heart Babe now you're gonna burn!  
Why don't you leave me alone?  
It's all a bit too much  
Don't know why I loved you but you're gonna burn  
I guess it's over---  
How does it feel right now?  
I bet it feels real good  
Sold off a piece of my heart Babe now you're gonna burn  
Why don't you leave me alone?  
It's all a bit too much  
Don't know why I loved you but you're gonna burn  
This fuckin' shits out of whack  
I mean...how did I get here?  
It's like I'm living in some kind of Greek Tragedy or something!  
Go back to L.A.!  
Just leave me alone!  
Take your clothes and your shoes and your dog and get out of my life!
