

# Killing Me

## Diamond Head

I light a fire to keep me warm  
I see an illusion the remnants of a storm  
And this fire gives me faith  
And when the embers burn the fire reveals your face  
What are we fighting for?  
Innocent souls get washed ashore  
Prove to me  
As fate opens another door  
Can't you see?  
I don't need this shit no more  
It's killing me killing me  
I can't rely on you anymore  
So many people say you don't know what you've got till it's gone  
This road is bleeding ain't no turning back  
I gave you red roses but you're cold heart turned them black  
[Chorus]  
Where do we go from here?  
I don't know  
I can't see a future with me here  
So I'll go  
Life's a riddle wrapped in mystery  
Just the fragments of a fading memory  
And this fire gives me faith  
And when the embers burn the fire reveals your face  
How long is this road we are on?  
Tell me how long till another bomb  
Tell me how long should we keep the faith?  
Tell me how long till I retaliate  
Retaliate
