

ADD SUV (feat. Pharrell Williams)

Uffie & Pharrell Williams

Sometimes I wake up in my bed
And I don't know where I've been
Heart tells me I trip to a cloud nine
Headache says that things just ain't fine
Wake up in the valley of dolls are all surrounding me
Blonde ambitions, aproned offerin mother's little yellow helpers
Helpers, helpers, helpersCountry club martini crew
Extra olives just won't do
Valium makes their soul get higher
And enables faking fire
Queen bees lose to wasps
Ritalin filled debutantes
When you don't like what you see
Hiding's easy in an SUV
Schizophrenic, photogenic
Psychogenic, hallucinogenic,
Photogenic, authentic, eugenic, telegenic
Manic depressive aggressive
Psycho wards are so possessive
Attention deficit disorder
Handheld cassette recorderADD (yeah) ADD (yeah)Pharrell:
Uh I gotta call my friend
Wait a minute, what I say I gotta do again?
Minute to minute, I feel like i'm in
The movie Memento but I don't have a pen
Wait a minute hey, hey
This the type of beat that make the ghetto girls play
Take a hit of haze, listen to Dre
You wish you seen P, man you know she couldn't hate
That ghetto P, and that ghetto cash
My ghetto eyes on her ghetto ass
You probably wanna know what planet we on
Can't help if I see everything in neon

I know they think that we have lost it
My mom keeps tellin me that I should stop it
See what I like and I'm gon' cop it
Ahead a new hype shit, I'm gon' top it
With the ADD makes you crazy me
They can't see, that's why they blame me
Tell the women hi, I dip and dive
I skip and fly, I'm a different guyUffie:
