

Why Do I Do (feat. Jason Gaffner)

Sam Padrul

You got me running around in circles baby

Over and over again

Oh how many times can I justify it

That something, that something we had Think I've had enough

Now

Of feeling up

Then down

Down

Gotta figure out

Why oh why Why do I do

The things I do for you?

I'm much more concerned about

Tempering your feelings

But I ain't got no reason

To do

These things I do I can't even recognize you

The way that

The way that you changed

This ain't living it's just surviving

It's driving me

Driving me crazy So tired of

How

You're dragging me

Down, down

Gotta figure out

Why oh why Why do I do

The things I do for you?

I'm much more concerned about

Tempering your feelings

But I ain't got no reason

To do

These things I do I decided

That I want nothing to do

Nothing to do with you Don't ya fight it

Cos baby I'm through

Baby I'm through with you Why do I do

The things I do for you?

I'm much more concerned about

Tempering your feelings

But I ain't got no reason
To do
These things I do
