Say I Do

Carl Thomas

Say I do I do I do
Say I do I do I do
Never thought that love could make me fall
Never thought I needed love at all
Took me a while to finally realize
That your love was all I needed to complete my life
Will you make this sacrifice
It's hard to believe
But your love has turned my around
I can make a commitment now
(Chorus)
Say I do I do I do
If you really love me
Say I do I do I do
If you wanna be with me
Say I do I do I do
Cause I really wanna be with you
Say I do I do I do
Found myself searchin' what was in my heart
Scared me when I saw us drifting apart
Even though I didn't know any other way

I don't wanna lose you
I want you to stay
To complete my life
Will you make this sacrifice
It's hard to believe
That your love has turned me around
Are you ready for love, I am now
Repeat Chorus
Oh baby, my lady
I can't wait to give you my heart
My lady, sweet lady
Give me your hand in love
Repeat Chorus
If you want me girl and I want you
Why don't you say I do I do I do
If you need me girl like I need you
Why don't you say I do I do I do

Surrender
Forever
Say I do I do I do
