You Make Me Feel

Bonfire

Deep in the night, when I'm alone.
My heart starts to burn, cause I feel for you.
I've been away too long from my love.
I leave it up to you to understand.I've got this feeling, deep in my mind.
Come back and love me, just one more time.
On the ground of an ocean, we buried our love far away.
My heart's still bleeding, won't you come back and stay.But I can't understand, why there's salt in my eyes.
And I can't understand, why your heart is in disguise.
For I still need you, and I want you to come back again.
You make me feel like never again.I can't find the answer from the look in your eyes.
My heart's still crying. Don't tell me your love is a lie.
You're still the one.Who can set me in a state of trance.
Why don't we give us a second chance.But I can't understand, why you laugh, though you cry.
And I can't understand, why I don't say goodbye.
For I still need you, and I want you to come back again.
You make me feel like never again.For I still need you, and I want you to come back again.
You make me feel like never again.
