

Tv Dinner

Elephant

There's a room full
Fluorescent light
See the silhouette
Artificial nightEyes flicker
Like a rolling film
Hidden vowels win
See the state I'm inI fall asleep with the tv on
With nothing but a smile on
I'm hearing backwards
Now it has to show my eyes
Talking backwards
Won't show a color to the blindClimb the stairway
To the chair alone
Watch the seasons
As we hide at homeStars glisten
Like the real thing
Hidden vowels win
See the state I'm inI fall asleep with the tv on
With nothing but a smile on
I'm hearing backwards
Now it has to show my eyes
Talking backwards
Won't show a color to the blind
