

Inner Prayer

Youn Sun Nah

Isn't it funny?
How it all went wrong

Help me please, my lord, lift me up from down
Oh, grab me from the dead, let me see the sun

That's all I need, my lord,
Please come, please take me away
I wanna feel, I wanna feelsafe

A wondering star falls into nowhere
Unending echoes haunt me everywhere

Oh, lord, help me out of this chaos
Please, hold your hand on me

Let me, just breathe in and rid of doubt
Out of abysse, oh lord, lift me up on high
Don't turn your eyes away from me
