

Dielectric

Fear Factory

Electrocution
I will intensify
For which division
Your power I divide
Disconnected
All that time
In this conflict
Til the end of time
Til the end of time
Confluctuation?
This will be energy
On my division
Throughout eternity
My dishonour
All my powers too
My distortion
Always perfect through
I will never pray
Or suffer your hate
Flowing through my veins
Dielectric strength
Dielectric strength
It's too late to resist
My free will must exist
Or we'll be the avalanche
Plaguing your world to collapse
Or will be the avalanche
Plaguing your world to collapse
My dishonour
All my powers too
My distortion
Always perfect through
I will never pray
or suffer your hate
Flowing through my veins
Dielectric strength
I will never fade
Will never fade
I resist the pain
Resist the pain
Flowing through my veins
Through my veins
Dielectric strength
Dielectric strength
