Show Me the Magic

Jamie Cullum

I feel that chill upon the air
They've smiling faces everywhere
It's such a wondrous affair
Show me the magicI'll keep you warm this winter night
You'll bring you trees and I'll bring the lights
Now blanket my water white
And show me the magicI've been waiting all years
It's that the sound of sleighbells are here
Wherever you may roam
I tell you babe you're never alone
The snow is silent in the streets
Let's choose love and hope for peace
Now make some room for your dreams
And show me the magicI've been waiting all years
It's that the sound of sleighbells are here
Wherever you may roam
I tell you babe you're never alone
The snow is silent in the streets
Let's choose love and hope for peace
Now make some room for your dreams... Yeah
Show me the magic
Show me the magic
Show me the magic!
