

Young Modern Station

Silverchair

Stalled at young modern station
Arthritic conversation
Life has a deadline lately
Allergic and in the newsThe clocks are ticking timeless
Dead Dali days behind us
The band is back together
Allergic and in the newsDoes it make you cry
When I make you feel so far away?
The interview's over
Stuck to the goal
To rescue my skinI need a different liquor
So sick of getting sicker
And I'm moving back to the country
Allergic and in the newsDoes it make you cry
When I make you feel so far away?
The interview's over
Stuck to the goal
To rescue my skinYou're so far away
The interview's overHe dreams of tracks and choices
I think I'm hearing voicesDoes it make you cry
When I make you feel so far away?
The interview's over
Stuck to the goal
To rescue my skinYou're so far away
The interview's overDoes it make you cry
When I make you feel so far away?
The interview's over
