Remote Control

R. Kelly

Baby, I think it's time for us to do what we came to do
Here come closer to me, I'mma make you feel so good tonight
I'll do anything you sayBaby, here we are lyin' in my bed
With the same thing goin' through our heads
You been wantin' my body, I been wantin' yo body
So no more waiting babyCan you move just a little closer?
Come and get this sweet lovin' you deserve
Girl I'll be real gentle with it I promise
To make your body cum like 3 or 4 times in a rowIf you believe in me tonight
All your fantasies will come true, in this bedroom
And you ain't gotta say nothin', 'cause tonight I can read your mind
'Cause you want me to go down and push the power buttonI'll be your remote, touch me turn me on
Make me sing a song now put me on slow
Baby push enter, now fast forward
Girl you've got me programmed, under your controlSomething about the way you turn it over and poke it oh
Said it makes me wanna grab the remote and put that ass on pauseGirl it don't make no sense the way you imitate that dog
When you do it, how you do it, baby take it all
Tonight I'll be your slave, I will do anything you say
Girl push menu and check out the features
Just let me put this adapter in you it will keep you charged upGirl, I'll keep goin' till you press the stop button baby
All I want is for you to be happy when I'm done
So I can call you my lady, push, audio on now
Push, gettin' too loud now, push, so wild nowPush the mute now 'fore somebody hear us up in here
So professional I'd swear this here was your career
Don't have to say nothin', girl 'cause I can read your mind
'Cause you want me to go down and push the power button babyI'll be your remote, touch me turn me on
Make me sing a song now put me on slow
Baby push enter, now fast forward
Girl you've got me programmed, under your controlSomething' about the way you turn it over and poke it oh
Said it makes me wanna grab the remote and put that ass on pauseJust try to imagine that I'm the panel, and you are in control
Baby push the down arrow and I will go down low
Come on taste these juices babe I wanna feel you up
I'm gonna push it, push it, push it, push it, push it, push itAnd make you say, "Ooh ahh ooh ahh ooh ahh"
If you get lost just push the guide
And I will lead you to your destination
All you have to do is trust me'Cuz baby girl I know what your body's yearning for

See here are the rules
I'm your remote and I have to do what you push
So let your fingers do the walkin' baby there ain't no more talkin'
And you ain't gotta say nothin' girl, 'cuz I can read your mind
'Cause you want me to go down and push the power button babeI'll be your remote, touch me turn me on
Make me sing a song now put me on slow
Baby push enter, now fast forward
Girl you've got me programmed, under your controlI will be your remote, touch me turn me on
Make me sing a song now put me on slow
Baby push enter, now fast forward
Girl you've got me programmed, under your controlI'll be your remote, baby touch me turn me on
Make me sing a song now put me on slow
Baby push enter, now fast forward
