Solo (feat. Evan Craft)

Social Club Misfits

Solo, solo, solo
Solo, solo, solo
Solo, solo, soloYou say that you love me
Dices que me amas
Pero no se porque
Si solo pudiera entender
Who ever knew that things were going to end up his way
I never knew that you would always love me this way
Aunque no me lo merezca
Tu siempre me diste de Tu amor
Tu tienes lo que es eterno
Y siempre me das de Tu calor
Yo creo que sin ti me muero
Y me llenarÃ-a de dolor
Siempre estÃ¡s aquÃ- Tu nunca me dejaste
Solo, solo, solo
Solo, solo, solo
Solo, solo, solo
Siempre estÃ¡s aquÃ- nunca me dejasteMe recuerdo cuando yo te conoci
Pero tu me conociste mas ante que yo nacÃ-
Me protegiste ni supe que tu estabas ahi
RecÃ-beme esta cancion cada letra es para Ti
You told me to trust you, I took a leap of faith
Te amo con todo and never seen your face
Se que te rompi el corazon como un millon de veces
Sin hablar habian meces
Soy el que no te merece
Muchas gracia sin tu gracia estaria perdio
Ahorra cuando me llamas respondo soy tu hijo
I've been in the depths of the dark
You never left me alone, I could always feel Your heart
Your plan has always been perfect, I just had to play my part
You always wanted to use me, I just had to let You start
Eres my aire para respirar
Desde el principio haste el terminar, no me dejastes
Solo, solo, solo
Solo, solo, solo
Solo, solo, solo
Siempre estas aquÃ-, nunca me dejaste

Ohh ohh ohh oh oh
(This for you)I remember when we used to kick it
You was screaming gang, you was misfit
Now you feeling late like you can't show up
Don't know how to pray, let your hands go up
Now you feeling low like you can't go up
Old to the faith, and you can't grow ... up
But look at what He did with me
I know He can do the same en tiRemember when we used to sit in the front
Now you dodging calls doing what you want
I know you living wrong, and you messing up
But His arms wide-open saying hurry up
Ya story's not done, it's just setting upAnd all the things that He did conmigo
I know that He could do it contigo
Take my advice mi amigo
All you gotta do is say sÃ-, and you'll never beSolo, solo, solo
Solo, solo, solo
Solo, solo, solo
Siempre estas aqui, nunca me dejaste.
Ohh ohh oh oh
