

One of these days

Fred V

One of these days, and it won't be long

(It won't be long now)

One of these days, and it won't be long

(You bound to come up)

One of these days, and it won't be long

(Keep your eyes on us)

One of these days, and it won't be long

(Yeah, yeah, deck)

I'm from the home where the buffalo roam

And niggas don't give a flyin' fuck

Talk with signs up

Walk with the iron tucked

Leave your eyes wide shut

Money bag's on the table, gots to get locked up

Rebel I's simply slicker, pick up a pretty sister

Dig her out on the table, bend off the Remy licker

Head splitter, deliver so cold I send shivers

From many figures, battle the world or any nigga

I'm uptown Saturday nite like Bill car's

Got weed in the jars, with vanilla cigars

On the strip, eyeballin' the chicks, holdin' the mix yea

Blast off of my shit, vibratin' the whip

One of these days, and it won't be long

(That's what you call it pa)

One of these days, and it won't be long

(Chef)

Yo I'm sicker than the Vee twelve x five

With cracks in the Rolly Jumper, all we do is drink fuckin' drive

Real niggas raise up, mommy get your feet off the table

The cable luck bare, my man got me one on his leckle

It's nothin' for me to get up with you, guts with you

Blow off them matches and sit up with you

Aiyo the streets, what is gettin' more crazy?

Stressin' me nothin', investin' the leathers, we all into things blazin'

Slingin' coke is just a normal habit, rappers we wear

Straddlers with cannons and hatchets gettin' cheers

Yatzis are fresh off the block, block squeezin', it's real

If we get real, put pop, poppin' at your blocks equal

Take these niggas and throw 'em in lakes, it's business

Rake these niggas on the mic, display your ninjas
Nines crowns verses your nine towns
Run up with nine nine's, brown down, get to lyin' you down
One of these days, and it won't be long
(Ah, ah, ah)
(Yo)

(That's what you call it pa)
One of these days, and it won't be long
(Yo, yo)
I come from the slums, I ain't no dummy
My testament talk, represent money
This verbal intercourse, fueled by exhaust
The bread winner, head spinner, coldest with the force
No remorse, endorse the rap artist
So flamboyant 'cos I pimp slap the hardest
Ever since the triumph we've been missin' them soldiers
We came tonight, boy the mission is cobra, full exploder
Bulldoze through the rubbish, I'm into deep boy
I just gotta love this, they call we too sweet
One of the nine brothers, I'm so unique
Every line that smother, the situation's grim
It's a bloody sin, 'cos every time I want out, they pull me back in
I see my reflection in the chrome Mack ten
Ask the passer who's faster with the pen
Then pull it, nine hollows, amoretos
That's how I like it, sweat on my wine bottles
The automobiles, with them shiny assed hubs
The endo pull, with the bathtub club, my angel's in the mud
Veteran smile, dat's gangsta shit, that American style
Dig it, prick or prey or
I'm quick to slay, with the rectifier shit, caught by the ricochet nigga
(I got to know)
One of these days, and it won't be long
(That's what you call it pa)
One of these days and it won't be long
One of these days, and it won't be long
(That's what you call it pa)
One of these days, and it won't be long
(I got to know)
One of these days, and it won't be long
(That's what you call it pa)
One of these days, and it won't be long
(I got to know)
One of these days, and it won't be long

(That's what you call it pa)
One of these days, and it won't be long
(I got to know)
One of these days, and it won't be long
