

# Paris, Tennessee

## Tracy Lawrence

I may not have a whole lot of money  
But I got enough girl for you and me  
I'm takin' off won't you come with me honey  
Gonna take you all the way to Paris, TennesseeI wanna show you the Riviera  
Got good tires and a good CB  
Put on some lipstick your mascara  
'Cause we're goin' all the way to Paris, TennesseeBaby I adore you  
And don't say I've never  
Done nothin' for you  
Girl, that just ain't trueHere we goBaby I adore you  
And don't say I've never  
Done nothin' for you  
Girl, that just ain't trueWe might not see no Eiffel Tower  
But I got a cousin that I want you to meet  
He can pick the wild wood flower  
Better than anybody down in Paris, Tennessee  
We're goin' all the way to Paris, TennesseeOh, la-la, baby  
Vous le vous  
Barbecue
