For Your Love

Chris LeDoux

For your love I'd rope the moon and put it in a blender
Mix up a concoction bound to make you surrender
I'd bite the brand off a bucking Brahma bull
Rob me a gin mill then I'd fill the ocean full
I'd take on the army her majesty's marines
Your love ain't just the cover it's the whole magazineFor your love I'd stop a freight train single handed
Straighten out the bends in the Rio grande
I'd climb the tower at the TV station
Broadcast my affection to the United Nations
I'd take on the government in Washington DC
Your love ain't just the engine it's a rocking machineFor your love, I'd stop the hands of time
For your love, I'd dig a diamond mine
For your love, I'd do it all the time, yes I wouldFor your love I'd walk a tight rope and wrestle anacondas
Jump a motorcycle over half-a-dozen Hondas
Carve your initials on a forest of bamboo
Paint the Brooklyn Bridge baby pink with a broom
I'd take on the press from Tokyo to Praha
Your love ain't just the hot sauce it's the whole enchilada
