I Hate U

Tank

I saved you
Gave you everything 'cause you were mine
Loved you, now I hate you[Incomprehensible] that she's a special kinda girl
From the first moment she changed my whole world
A *** fell in love so deep, I couldn't help myself
She wasn't a make for me, I couldn't see nobody elseShe was on the move, seeing other dudes
I had to be the only one who didn't know
She was getting by, had me on the run
Disguised as an angelYou needed me and for you I would stay
But you lied to me and how could you dare?When I saved you, I made you
I gave you everything 'cause you were mine
I loved you, loved you, now I hate you
Listen to me, y'all[Incomprehensible] that she was everybody's girl
I thought that she belonged to me so I gave her the world
And it's crazy how I just didn't see all the dirt she was doing to me
All the things that I believed, why'd she do this to me?But she was on the move, seeing other dudes
I had to be the only one who didn't know
She was getting by, had me on the run
Disguised as an angelYou needed me and for you I would stay
But you lied to me and how could you dare?When I saved you, I made you
I gave you everything 'cause you were mine
I loved you, loved you, now I hate you, oh, I hate youWhy when I put nothing before you?
Why when I did nothing to spoil you?
Why when I was straight up with you?
Why when there wasn't a thing I wouldn't do?Who put you up to this? Damn, I put my trust in this
I put my heart in this and this is how you thank me?When I saved you, I made you
I gave you everything 'cause you were mine
I loved you, loved you, now I hate youI saved you, I made you
I gave you everything 'cause you were mine
I loved you, loved you, now I hate you
I hate you, I hate youSaid I hate, hate, hate, hate
Said I hate, hate, hate you
Said I hate, hate, hate
Said I hate, hate, hate you
