

# Bug Fights

## RATKING

I got a fucking story to tell eh  
They let the fire hydrants off to cool the block down  
When we walk 'round  
When the cops 'round  
When our music plays  
When it's hot out  
I do and say what I wanna do, I feel like Hak now  
Dropped out but still his thoughts popped out  
Manifested ill could his pops talk now  
No disrespect to Pascal it's only natural  
Hak's a cash cow  
Hak is assed out  
Either way I got his back, proud to say that loud  
Let me say that now So it happened  
Warm windy evening in Manhattan  
Vulnerable vat of vets  
Gathered started yapping  
Frantically asking  
But how we was the captains  
When we fight headlines follow  
We'll need to start scrappin'  
Gents ride your role no stage to start actin'  
All of a sudden you wanna pick up  
Practice your passions  
Toss your transactions  
Tweak up your tracking  
There's really no tail ending the tail of a Ratking  
Besides wouldn't wanna disturb a nest of rodents basking  
Blackout same sense that sent the city racking  
Scurrying swift dodge in the dark dashing  
Furry of hits in the lights strappin'  
Not my news you was glued sprawled mackin'  
Coolin' the shade caught up countin' your cashings  
Affixed my your rings sufficed my your stackings  
Should've been concerned with cut of your crafting  
Angles, degrees, folds, creasings of your wrappings  
Always had a crooked swipe, I was the student slacking  
Said I didn't read enough books to bulge my backpacking  
Guess I dropped out, hung a hat-trick without hacking

Wasn't fitted a cap 'n' gown but left the island laughing  
Vibing, pulsing to my feet click clacking  
Crumbling cobblestones over tar just tapping  
I Lenox launch these lullabies to full your lacking Don't wear your honor like armor  
That shit'll weigh you down  
Don't let what life taught you taunt you  
Embrace it now  
Whether it's drawing, recording, whatever makes you proud Let's not play around, amazing how you made it out  
Amazing how you made it out  
Let's not play around, amazing how you made it out  
Amazing how you made it out  
Let's not play around, amazing how you made it out
