Miracle

Under The Flood

She never wanted no she never wanted it to be
Another loss, another regret
It's been so long that I've become another memory
Losing Progress
Hide come quickly she's a criminal
And she knows it all too well
I, I'm addicted I need a miracle
I'm helpless, from the way she looks at me
She's hopeless, and it pulls me underneath
I never wanted no, I never wanted it to be
Another waste, another regret
It's been so long that she's becoming all that I can see
And I'm fading.

Never thought that we'd become this lost
Hide come quickly she's a criminal
And she knows it all too well
I, I'm addicted I need a miracle
Who's watchin over me?
Tonight we'll give this life another try
This time we'll draw outside the lines
You'll be safe when it's over.
She's helpless
But I'm patient
And she's hopeless
[Chorus]
