

Into the Night

Zavod

A relief of pain and sorrow flew away
I never felt so hollow but nothing could make her stay
She comes
Here she comes
Here she comes so I bow down before
The queen, her majesty
She lives in a dreamworld
Got lost tonight, said goodbye,
disappeared into the night
She said
She said
I'll meet you again when the
morning light push the darkness away
Heiress now gone
Your kingdom, your throne
Stay well my empress
A monarch of my eternal darkness
Slowly
So slowly
Gone!
So painful
She lives in a dreamworld
I'm lost tonight, lost tonight, lost
God killed the world
God killed the queen
What's left behind?
An empty throne and crown
God killed the world
God killed the queen
What's left behind?
