

Two Of Spades

Ensiferum

I go all the way
Night and day
Women, booze and money
It's all just a game Hit and run
That's how I play
All or nothing
That's the winners way When I woke up this morning
Everything was clear
Besides my head
Who is the lady in my bed? I'll shoot the moon
Nice girls won't tell
Thanks for nothing
I'll be on my way to hell Sweet lady luck on my side
I got ace in the sleeve
Dead man's hand
I'm armed to my teeth There is no trick in the book
That I wouldn't know
Cross me and feel
The embrace of the rope I'm a high roller
Gambling my life every single day
I'm not a poser
Because the card of my life is two of spades Jos kÄy niin, ettÄ tÄnÄÄn kuolen,
esi-isien luo, ajan tuolle puolen
edessÄin seisovat Valhallan portit
kÄdessÄin hyvin pelatut elÄmÄn kortit
Translation-
If I may die today,
To my ancestors, beyond time
In front of me stand the gates of Valhalla
In my hand the well played cards of life
