Asshole

Osker

I guess you don't understand
You meant a lot to me
More than you thinkYou are now where I was then
How the fuck, does it feel?It's a pity 'cause I tried so hard
Yeah, and now that you want to, what?
Yeah, whatever's convenient to meBecause I tried so hard
Yeah, and now that you want to, what?
Yeah, whatever's convenient to meWhen I needed you most
You hung up the phone
What kind of friend would leave me alone?You are now where I was then
How the fuck, does it feel?It's a pity 'cause I tried so hard
Yeah, and now that you want to, what?
Yeah, whatever's convenient to meBecause I tried so hard
Yeah, and now that you want to, what?
Yeah, whatever's convenient to meYou are now where I was then
How the fuck, does it feel?It's a pity 'cause I tried so hard
Yeah, and now that you want to, what?
Yeah, whatever's convenient to meBecause I tried so hard
Yeah, and now that you want to, what?
Yeah, whatever's convenient to meBecause I tried so hard
Yeah, and now that you want to, what?
Yeah, whatever's convenient to meBecause I tried so hard
Yeah, and now that you want to, what?
Yeah, whatever's convenient for
