Fragile Happiness

Super Furry Animals

Well, that fragile happiness
Keeps me from forgetting
That this fragile happiness
Keeps me afloat when I'm sinkingThe first generation
Caused such a sensation
Gave all an elation
But I'm in deep space 9
Hitting wormholes all of the timeBut that fragile happiness
Stops the nightmares when I'm sleeping
And where Catholics confess
From my guilt there's no escapingWe'll go to Miami
Take old friends and family
We'll stay out and party
Does Will Smith lie?
[Incomprehensible]
