

Let's Get Radical

Gogol Bordello

(Good morning!)

Oh! Fuck!

She says, "Let's go to Brighton Beach,
And the ? disco."

Well that would be great fun of ironic kind,
For your self-collapsing ironic mind,
But, hey girl, we've got the cure for you,
Provided of course you will ever make it through!

So let's get radical!
[Ukrainian] radical!
Not ironic, sardonic, catatonic, ceremonic but radical!

Well you know mother,
Some things are actually sacred.
And tough for you ceremonic just won't do!
So hey girl we've got the cure for you,
Provided of course you will ever make it through,
But, hey boy, we've got the cure for you too,
Provided of course you will ever make it through!

So let's get radical!
[Ukrainian] radical!
Not ironic, sardonic, catatonic, ceremonic but radical!
Let's get radical!
[Ukrainian] radical!
Not ironic, sardonic, catatonic, ceremonic but radical!
Not ironic, sardonic, catatonic, ceremonic but radical!
