Mercyful Fate

Advisory - the following lyrics contain explicit language:

Ahh, Egypt, ahhO thou of countless names
Who are one and all things
O thou of countless names
Without beginning, without endAh, Egypt, ahhOsiris, Anubis
The underworld is yours
Osiris, Anubis
I put my soul in your handsO Thou, God of the dead
Lead my soul to the Judgment Hall
O Thou, Jackal Head
Weigh my soul, I await your callAh, Egypt, ahhAmmit, eater of the dead
Is devouring my heart
Will I pass on to Aaru
Or will I be condemned?I'm burning inside to know
I'm burning inside to know
I'm burning inside to knowI must be back on time
But still I want to know
I hope they let me goI'm from another time
And I must reunite
My body and my soulI'm burning inside to know
I'm burning inside to know
I'm burning inside to knowOsiris, Anubis
The underworld is yours
Osiris, Anubis
I put my soul in your handsO thou of countless names
Who are one and all things
O thou of countless names
Without beginning, without endAh, Egypt, ahhEgypt, come back to me
Egypt, come back to me
Egypt, without beginning or end
